WESTERN MERGER MILL PROGRESSES GASTON MINE BOUGHT BY FERGUSON

The new mill structure at the Western Merger mine is steadily progressing and it isexpected that the next week or so will see the roof and side walls on, the timbering having been practically completed. When finished the miH be modern in every respect.

The use of corrugated iron on roof and sides will obvliate the danger of fire from external causes and add greatly to the life of the building. The equipment will will include rock crusher, ore bins, five stamps, reginding and concentrating plant. Over 200 tons of fine milling rock has been accumulated on the dump already and many hundred tons are being blocked out ready for bringing to the surface.

RICH STRIKE MADE—

Rich sulphide ore has been cut into the past week in the drift being run on the 400 level of the Merger. At a point 156 feet west of the shaft a three foot ledge showing a two foot streak of heavy sulphides was cut and is showing up exceptionally well as the drift progresses. The east drift on this level is also about 150 feet and showing good ore. drifting operations are also being prosecuted on the 300 level at the present time.

The flow of water which was struck in the 400 drift has eased off somewhat but is still running 40 gallons a minute. An electric station pump with a capacity of 200 gallons a minute is being installed which with the Cornish facilities should take care of the water problem.

Superintendt Harry B. Skewes is leaving Friday for Reno to attend the annual meeting of the company which will be held there.

The sale of the extensive Gaston mining properties the past week to Claude M. Ferguson presages important developments the coming year on the ridge north of Washington, in the opinion of those well posted. Ferguson, who is prominently connected with the Empire interests as safety engineer has not divulged his plans for the operation of the properties or as to who is associated with him in the venture.

The deed to the various properties which was placed on record the past wek was signed for the Gaston Gold Mining Company by Edw. J. McCutchen as president and H. L. Atkinson as secretary. The properties embraced are the Gaston Ridge Consolidated Quartz Mine including the Gaston, Gaston Ridge, Gaston Ridge North Extension, Burns, Burns No. Extension, West Burns, Baltimore and Southern Extension California; Gambrinus mine and mill site; Solace; Gambrinus North Extension; U. S. Tunnel Nos. 1, 2 and 3; Gamgast, Wonder and Goodyear claims, all located in Sections 27 and 28, T18N, R11E and in the Eureka Mining District.

The property is completely equipped with a plant which cost over $200,000 and includes a 10 stamp mill and a Hardinge mill with a capacity equal to 10 additional stamps, has a hydro electric power plant of 129 kilowatt capacity and an ample water supply under sufficient head to operate the plant efficiently.

The mine is one of the most promising in the Washington-Graniteville district and wth systematic development will again become one of the large producersc of Nevada county.

SWEETLAND ONCE HAD PROSPEROUS COMMUNITY

GRENCH CORRAL, Jan. 14, (Special to the Nugget)— Another week of the New Year has rolled past and we are enjoying some very delightful weather in our vicinity. It will not do for this to last too long, or we shall have fruit trees in bloom too early. However let us hope that we shall have just such delightful weather when we hold our next social of the San Juan Ridge Water Users' Association at Sweetland.

That good old town of Sweetland, that in the past has known many years of better days. It was then a real town with post office and besides more than fifty beautiful homes, two large hotels flourished, and two large stores of general merchandise were kept busy furnishing supplies to them and to the many residents. A Bank! Daniels Bank carried on a successful buisness for many years.

Many grand balls and other social events have been held in their fine old school huose, which even today is kept up in a style that is a credit to the whole Ridge and county. Will set date for social later, when we will ask you to com e and see what Sweetland's half dozen wonderful women can plan and cary to a successful finish.

Several mining men have visited French Corral in the past week, but the writer did not learn the names.

Chas. Buhl and wife and children of Brown's Valley, accompanied by his sister, Mrs. Gorman of Sacramento, visited their friends, W. C Clerkin and sister, this week.

Gordon Wood and son of Pike were here on business last week.

Mr. Wm. Campbell of Sacramento formerly a resident of French Corral and Birchville for many years, is visiting with friends in French Corral. He says, everything else changes but our wonderful climate, never.

W. C. Clerkin has installed a fine radio set at his home near French Corral. Through this much pleasure is afforded his neighbors and friends who congregate to "listen in." Much disappointment was felt, Sunday afternoon, in not hearing the Grass Valley Coral songers. This was due to a misunderstanding about the hour. However with music and song from Salt Lake, Portland, Los Angeles, and San Francisco, distinctly heard we could not help exclaiming "What a wonderful age we are living in!

Misses Romanie Foley and Beatrice Ott left Sunday to resume their studies at University of Nevada at Reno. The two young ladies have spent the holidays here visiting relatives.

After spending a brief visit here with his family P. H. Flynn has returned to Camptonville.

Marvin Fisk came up from Folsom to attend the funeral of his sister, Mrs. Wyllie, which occurred this week.

UNITED BANK OPERATIONS REQUIRE MORE OFFICE SPACE

San Francisco, Jan. 10.— The great expansion of the United Bank and Trust Company, which has grown in six months from an organization with six banks, to one with nearly seventy, has made necessary the providing of more space for the increasing staff at the head office.

The entire second floor of the office building owned by the bank at 631 Market Street, San Francisco, has been remodeled, and the front portion will be occupied by the bond department, of which R. A. Christie, vice-president, is manager. The rear potion will be occupied by a portion of the head office accounting staff.

The bank is also occupying space on the third and fourth floors for other departments, and will group additional workers there soon.

Some alterations on the ground floor quarters occupied by the head bank are also to be made at once, for the purpose of providing more office space in quarters occupied by accountants now moved to the remodelled upper floors.

Owing to the fact that the publishers will be in Santa Cruz several days this week attending the California Camp Owners' Convention The Nugget Office on Wednesday and Thursday will be open from 10 a. m. to 3 p. m. On the other days the usual hours will be observed.

Mrs. T. S. Ford and daughter, Miss Savory, have returned from a visit of two weeks at Lovelock, Nevada.

Mr. and Mrs. H. C. Tuft, recent wed, arrived here Saturday evening from San Francisco for a visit with her brother, Mr. H. C. Jepson and wife.

The many friends of Conductor Theodore Rundy of the local Narrow Gauge railroad, are sorry to learn of his illness and hope for him a rapid recovery.

H. C. Jepson and wife are entertaining his sister, Mrs. Georgie Ambrose, of Bellingham Washington. She was formerly Miss Maizie Jepson of this city.

The Nugget job printing department ally large run of work this month which is duly appreciated by the publishers. Every dollar spent with ment has been receiving an unusu- this office in job printing, advertising and subscriptions will be devoted to building up Nevada City. Patronizing your home town newspaper is a good investment.

The Nevada City Lions Club which has been functioning under a dispensation for some time will receive its charter on Tuesday night and be formally recognized as a component part of Lions International. The festivities will be held in the banquet room of the National Hotel commencing at 7 p. m. and covers will be laid for more than 150 members and their ladies and invited guests.

The presentation of the charter is to be made by District Governor W. B. Wells of Riverside and the acceptance speech will be made by R. L. P. Bigelow, president of the local club. The principal speaker of the evening will be Judge C. E. McLaughlin of Sacramento and the toastmaster, Byrl Babcock of Sacramento, Deputy Governor. The program will be in charge of the Auburn Club which sponsored the local organization at the outset and has seen it over the first bumps in getting under a full head of steam

Greetings will be extended by the Presidents of the Lions Clubs at Auburn, Placerville, Roseville, Marysville, Oak Park and by Hon. Ray L. Riley of Sacramento, Vice President of Lions International and Past President of the Sacramento Club.

Lou Chesbro, sweet throated song bird of Auburn will favor with vocal selections as will the Sacramento Lions Quartet. Mrs. Sidney Talbot will also sing. There will be stunts aplenty and dancing in the hotel reception room will follow the banquet festivities. An orchestra will play during the evening.

It promises to be a big night in Nevada City.

The Lions Club of Nevada City is fast winning a place in the life of the town. It has already justified its existence by the way in which it is using its funds in uplifting the town and particularly the unprivileged children. An organization now which does not have a major purpose is likely to be a drifter but the new organization here does not have any of such ear marks. Long may it live and prosper.

EUREKA CANAL SYSTEM UNDER A NEW NAME

The vast holdings of the Eureka Lake and Yuba Canal Company and the Summit Water and Irrigation Company are now merged under the title of the River Mines Company according to a deed filed the past week. A complete list of the properties transferred by the, Eureka company will be found on page two of this issue. The ditches affected are at the present time under tempoary lease to the San Juan Ridge Water Users Association.

The River Mines Company is understood to be a subsidiary of the Empire Mines and Investment Company and involves no change of ownership and the present proceeding is to simplify the operations of the holding company.

The mining properties involved possess untold millions in potential wealth once restraining dams for the impounding of debris are bulit.

COUNTY, CITY POLLIES STARTING WARMING UP

With three of the places to be filled on the county board of supervisors and on the city board of trustees, there will be plenty of excitement for Nevada county this year. It is certain that the three outgoing supervisors will seek re-election but there will be competition in at least two districts which may make an interesting race. Two of the city trustees whose terms expire in April will not be in the race and already there are some good candidates being mentioned.

NEW MILL TO BE ERECTED AT GERMAN BAR MINE

Development work at the German Bar mine in the Snow Point district are being actively prosecuted according to Managing Director T. E. Stephens who is directing the work. A large tonnage of milling ore is being blocked out and as soon as the roads are traversible in the early spring a new mill is to be taken in and erected at the adit of No. 4 tunnel which is to be used as the main working tunnel for the handling of the ore to the surface.

The mill have a capacity of thirty to forty tons. A large amount of mineral area is also unde option to the German Bar interests.

MURCHIE LEASE STAMPS ARE MERRILY DROPPING

The five stamps in the new mill at the Murchie lease being operated by Henry Davison and Lyman Weeks are now dropping and as soon as the adjustments have been made in the plant ore will start running through from the rich strike made some time ago. With a five year extension of the lease and a considerable tonnage of high grade milling ore already blocked out, a profitable operation may confidently be expected. Air drills are being installed to facilitate the underground operations.

LODGE NOTES

The Royaly Arch degree is to be conferred tonight on three prominent business men of Nevada City by Nevada Chapter. A 6:30 dinner will precede the ceremonies.

Inspector W. J. Merrifield is being kept busy with Blue Lodge installations. Mr. and Mrs. Charles Monroe and his mother, Mrs. Gertrude Monroe, are here from Sacramento visiting with Mrs. E. M. Scadden, who is quite ill.

AUTO HITS TREE ... DR. CORNELL IS KILLED SUNDAY

A scarred tree trunk on the turn at the head of Sacramento street bears mute evidence of a tragedy enacted there when the automobile driven by Dr. J. R. Cornell of Grass Valley went out of control shortly after noon yesterday and exacted a human life as its toll.

Dr. Cornell was alone in the machine at the time and was proceeding, it is reported, at too great speed to take the sharp turn properly. The machine left the pavement on the turn, swung back onto it and then turned abruptly into a large tree in front of the W. H. Osborn home with a crash that shook the houses in the neighborhood.

Mrs. Osborne looking out of the window noticed a person sitting at the wheel with his head hanging over, then reaching up a hand to wipe his face and then slump forward. A hurry up call was sen to Dr. A. H. Tickell who was eating dinner at the time but Dr. Cornell was past human aid.

His wife was summoned from Grass Valley and she with the daughter arrived soon afterwards.

An examination of the machine seems to indicate that the doctor who remained at the wheel suffered internal injuries which caused his death from hemorrhage. The bumper on the machine was smashed and the radiator badly dented.

MRS. EDWARD WYLLIE PASSES

Mrs. Aloha Margaret Wyllie, wife of Edward J. Wyllie, Jr. of Forest passed away last Tuesday following an extended illness, leaving a devoted husband and a young son bereft of her presence. A requiem mass was celebrated Thursday at St. Canice's Catholic church by the Rev. P. O'Reilly and interment was in the Catholic cemetery.

COZY CORNER CHAT

POLITICS WHICH HAVE been doing the somnolescent act for the past year now look to be getting ready to stage a comeback with the approach of spring. There has been a great deal of conjecture regarding the position of state seator from this district which has been so ably filled by Tom Ingram. Placer county already has a plethora of prospective candidates and only one so far appears to have been willing to show proper deference to the present wearer of the toga, which attitude makes quite a hit with us on the face of it. There has been courtesy between Placer and Nevada counties over the matter of the senato and asesmblyman positions in the past which has worked out exceptionally well and has been conducive of a spirit of cameraderie between the two counties. With this introduction we are going to reprint what the Colfax Record has to say regarding possible aspirant for the office should Mr. Ingram desire to lay aside the cares of state:

(Colfax Record)

This year it becomes necesary to nominate and elect a State Senator from this, the third senatorial district, which comprises the following five couties: Placer, Nevada, El Dorado, Plumas and Sierra. This office is now held by that capable and efficient public servant, Senator Thomas Ingram of Grass Valley.

Rumors have it that Senator Ingram does not intend to seek the office again, while other rumors, we hear, are to the effect that he is still undecided. In the meantime, we hear the names of numerous citizens mentioned as possible candidates for the office.

The office of State Senator which has been so ably conducted by Senator Ingram, is one of vital importance to the people of this region and our citizens should give some serious thought as to selecting a man who can best represent them in the state capitol.

In the event that Senator Ingram does not enter the race there are no doubt, many candidates whom the Republicans of our county could enter in the campaign but there is one active member of the Republican party whom The Record believes would make an ideal candidate and whom we further believe, if he would run for the office, would be elected. That man is B. A. Cassidy, well known editor of the Auburn Journal.

Mr. Cassidy is young, aggressive and progressive. He has been one of the leaders of the Republican party in Placer county. He has served as chairman of the Republican County Central Committee for the past five years and has been active in county politics for a number of years. Cassidy knows the particular needs of our section of the state and his activities have not all been confined to Placer connty. He is well and favorably known in the other counties that comprise the third senatorial district.

The Record believes that the Republicans of Placer county should consider placing a progressve, young and active candidate in the race and we further believe that no better candidate can be secured than B. A. Cassidy. This paper, therefore, recommends in the event that Senator Ingram declines to run, for the consideration of the Republican voters as a candidate for the nomination of State Senator, B. A. Cassidy of Auburn and we urge Editor Cassidy to throw his hat in the ring and make the campaign which we believe will place him in the State Senate.

THE RECORD has written a powerful recommendation for a brother editor. Personally we have never cared for political preferment and might not have had our ambitions fulfilled had we tried it but newspaper publishers have largely been at the helm of the state govenment during the last administration and they have made good on the job. There have been four already mentioned from Place county in connection with the senatorial campaign and Nevada county aspirants have been rather reticent about announcing themselves so far, if there are any such. Cassidy, by the way, is the only one prominently mentioned of Placer county who has shown a disposition to let Senator Ingram make his wishes known, before announcing himself as a candidate.

LEAP YEAR GIRLS WERE ON THE JOB

FRENCH CORRAL, Jan 7, (Special to the Nugget)—Here we are with the first week of 1928 completed and everything seems to be going on in the usual way. And girls, this is Leap Year! Did I hear "Well, what of it?" It used to be that women were accorded special privileges in Leap Year, but perhaps in this era of advancement there are no more special privileges to accord Let me tell you Leap Year dances used to be lots of fun! The girls acted as floor managers, directors and chose their partners for suppers, and the men had to sit down and behave very ladylike; were fined if they moved across the floor without a lady escort. They had to pay the fine several times too, for they would forget the rules. Oh! those old time dances this year! But they don't know anything about quadrilles, and those old time dances any more.

Well, the social side of the San Juan Water Users' Association will see about it before the year is out.

W. R. Stead of Blue Tent came to French Corral Wednesday to identify some cattle. He found that to him and had been hunting for them for some time.

Mrs. Annie Browning of Nevada City returned to her home Thursday after visiting with her son, A. Browning and family since New Years.

George Campbell and son, Warren, were visitors at the home of W. C. Clerkin and sister, Millie, this week.

G. Stornetta, agent for the Golden State Milk Products Co., from the Sacramento district, called on patrons in French Corral Friday. In the past few years many have turned their interests to dairying on the San Juan Ridge. If we can only be assured plenty of water a large business in that line can be established hee. We must have clover and alfalfa to make that a success, but can not do so without water. We shall live in hopes and in the mean time, use every effort to obtain it.

This lighting improves a room's appearance

If you wish to improve a room's appearance in an easy, inexpensive way, do it with good lighting.

The money you spend for one of these lamps does more to improve a room than the same money spent for other furnishings.

For the abundant, soft, colorful light makes an "interior" seem lovelier. It's just like redecorating the whole room.

This lamp is different from any other lamp. There is a reflector under the silk shade that diffuses or scatters the light.

The lamps (both floor and table) have a base finished in silver or gold and there is a selection of four silk shades. You can see them at our office.
